Vloeibaar vaatwasmiddel voor industriële machines
Detergent liquide pour lave-vaisselle industriel
Dishwashing liquid for automatic dishwashers
Flüssiges Spülmittel für industrielle Geschirrspülmaschinen
Detergente líquido para lavaplatos industrial

Technical data sheet

Application

Auto Dish Wash D14 is an ecological, strongly alkaline dishwasher detergent for professional use. This product is formulated for high cleaning performance with soft to medium-hard water. Auto Dish Wash D14 can be used in single-tank and tunnel dishwashers. This product contains a combination of strongly alkaline ingredients and a readily degradable limescale remover for rapid removal of all food residues such as proteins, starches and fats. It prevents limescale deposits in the machine when used at the proper dosing level. Auto Dish Wash D14 can also be used in the food industry for CIP applications. Keep Auto Dish Wash D14 in a frost-free location. Auto Dish Wash D14 does not contain any colouring agents or perfumes.

Environmental Benefit: All Ecover Professional dishwashing liquids use plant-based detergents and are free from chlorides and other halogens, phosphates and badly biodegradable phosphate replacements, and petrochemical-based detergents. All ingredients from non-mineral origin are completely biodegradable according to OCED301F. Minimum impact on aquatic life according to OECD202.

Instructions for use

Auto Dishwash D14 should be dosed using an automatic dosing pump. For optimum cleaning results we recommend a concentration of 1-4 ml/litre depending on water hardness, machine performance and level of soiling. For best results we recommend using Auto Dishwash D14 in combination with Ecover Techno Rinse. Do not use Auto Dish Wash D14 on soft metals e.g. Aluminum.

Conductivity at 20°C:

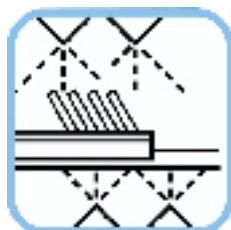

1ml D14	= 0,73 mS
2ml	= 1,17 mS
3ml	= 1,71 mS
4ml	= 2,28 mS

Technical data

Appearance	liquid
Colour	colourless
Odeur	not perfumed
Viscosity	<50 mPa.s at 25°C
Relative density 20°C	1,219 kg/l
pH 100% 20°C	14
Flash point	>100 °C
Solubility in water 20°C	complete

Safety

C : Corrosive. R35 : Causes severe burns. R37 : Irritating to respiratory system. S24 : Avoid contact with skin. S26 : In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. S36/37/39 : Wear suitable protective clothing, gloves and eye/face protection. S45 : In case of accident or if you feel unwell, seek medical advice immediately (show the label when possible).
