

Techno Gloss

Zelfglanzende wasemulsie (handmatig)
Emulsion de cire autolustrante (manuel)
Self-polishing wax emulsion (manual)
Seblstglänzende Waschemulsion (manuell)
Emulsion de cera auto-brillante (manual)

Technical data sheet

Application

Techno Gloss is a self-polishing emulsion for professional use. It forms a hard protective coating on floors such as linoleum, PVC, concrete, cork, etc., without using any fluorine or zinc derivatives.

Environmental Benefit: All Techno Green cleaning products are fully biodegradable and they are free of chlorine compounds, other halogen compounds, petroleum-based detergents, and inorganic acids. The detergents originate from vegetable sources. Minimum impact on aquatic life.

Instructions for use

Pretreat the floor with Sealer product. Apply at a rate of 30 ml (undiluted) per m². Use a low-lint flat mop or applicator to spread the first coat, and allow it to dry for 20 to 30 minutes. Apply the second coat at right angles to the first coat at a rate of 20–30 ml (undiluted) per m², and again allow it to dry for 20 to 30 minutes. If desired, polish using a single-disc machine with a red or white pad at high speed (400 rpm).

Technical data

Appearance	emulsion
Colour	white
Odeur	solvent
Viscosity	<50 mPa.s at 25 °C
Relative density 20°C	1,03 kg/l
PH value (concentrated product)	8
Flash point	>100 °C
Solubility in water 20°C	Forms emulsion in presence of water.

Logistical Data

Product: Techno Gloss
Content: 5 l

Gross weight: 5.418 kg
Net weight: 5.15 kg
Dimensions (l x d x h): 185 x 134 x 281 mm
EAN code product: 5412533176001
Article number: 421040015

Outercase: 4 sales units

Gross weight: 22.073 kg
Net weight: 20.6 kg
Dimensions (l x d x h): 380 x 275 x 300 mm
EAN code outercase: 5412533176049

Pallet: Europallet
8 outercases/layer, 4 layers/pallet,
32 outercases/pallet

Gross weight: 728.036 kg
Net weight: 659.2 kg
Dimensions (l x d x h): 1200 x 800 x 1310
