Technical data sheet

Application

Techno Rinse is an ecological rinse aid for professional use. This non-foaming liquid rinse aid is formulated for use in domestic and semi-industrial dishwashing machines. This product ensures rapid, streak-free drying of all glassware and dishes.

Environmental Benefit: All Techno Green dishwashing products are free from chlorine compounds, other halogen compounds, and petroleum-based detergents. All detergents used in these products originate from vegetable sources. All ingredients of non-mineral origin are fully biodegradable. Low impact on aquatic organisms according to OECD 202.

Instructions for use

Domestic machines

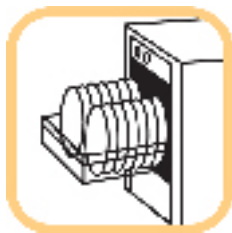

Dosing: 0.2–0.4%. Adjust the dose according to water hardness and the results (uniform drying). Check the level of the rinse aid reservoir regularly and refill it before it runs dry.

Semi-industrial machines

Rinse aid is dosed automatically at a rate of approximately 0.15% in industrial machines.
